1. General information

The financial report covers Ashfield Catholic and Community Club Limited as an individual entity. The entity is a not-for-profit company, incorporated and domiciled in Australia.

The entity's principal activity is creating and promoting a community-based club for members to assist schools, parishioners and people in the local area of Ashfield.

The principal place of business is 1-11 Charlotte Street, Ashfield, NSW, 2131.

The financial report was authorised for issue by the directors on 19 September 2023.

2. Changes in accounting policies

New and revised standards that are effective for these financial statements

A number of revised standards became effective for the first time to annual periods beginning on or after 1 July 2022. The adoption of these revised accounting standards has not had a material impact on the entity's financial statements.

Accounting Standards issued but not yet effective and not been adopted early by the entity

A number of new and revised standards have been issued but are not yet effective and have not been adopted early by the entity. The directors are currently assessing the impact such standards will have on the entity.

3. Summary of accounting policies

Financial reporting framework

The general purpose financial statements of the entity have been prepared in accordance with the requirements of the *Corporations Act 2001*.

Statement of compliance

The general purpose financial statements of the entity have been prepared in accordance with Australian Accounting Standards – Simplified Disclosures and other authoritative pronouncements of the Australian Accounting Standards Board.

Basis of preparation

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes.

The financial statements are presented in Australian dollars. The functional currency of the entity is Australian dollars.

The significant accounting policies that have been used in the preparation of these financial statements are summarised below.

Revenue from contracts with customers

Revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the entity expects to receive in exchange for those goods or services.

Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer
- 2. Identify the performance obligations
- 3. Determine the transaction price
- 4. Allocate the transaction price to the performance obligations
- 5. Recognise revenue as and when control of the performance obligations is transferred

Other revenue

For any revenue streams that are not defined as contracts with customers, then the revenue is recognised when the entity gains control, economic benefits are probable and the amount of the revenue can be measured reliably.

All revenue is stated net of the amount of goods and services tax (GST).

Operating expenses

Operating expenses are recognised in profit or loss upon utilisation of the service or at the date of their origin.

Income taxes

Income tax expenses comprise current taxes and deferred taxes and are recognised in net profit or loss, excluding items related to business combinations and items that are directly recognised in other comprehensive income or equity.

Mutuality principle

The company calculates its income in accordance with the mutuality principle which excludes from income, any amounts of subscriptions and contributions from members, and payments received from members for particular services provided by the club or association, e.g., poker machines, bar and dining room service in the case of social clubs. The Commissioner of Taxation accepts this method of calculating income as appropriate for recognised clubs and associations.

Amendments to the Income Tax Assessment Act 1997 ensure social clubs continue not to be taxed on receipts from contributions and payments received from members.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected losses. Trade receivables are generally due for settlement within 30 days.

Inventories

Inventories are measured at the lower of cost and net realisable value. Cost of inventory is determined using the weighted-average basis and is net of any rebates and discounts received. Net realisable value is estimated using the most reliable evidence available at the reporting date and inventory is written down through an obsolescence provision if necessary.

Property, plant and equipment

Property, plant and equipment are measured using the cost model, cost less subsequent depreciation and impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable.

Depreciation

The depreciable amount of all fixed assets is depreciated over the asset's useful life to the entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of fixed asset	Depreciation rate
Building improvements	2.5%-12.5%
Plant and equipment	5%-33%
Poker machines	5%-33%
Motor vehicles	12.5%-20%
eased plant and equipment	20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of profit or loss and other comprehensive income.

Core and non-core properties

Core properties: 1-11 Charlotte Street, Ashfield, NSW

Non-core properties: 13-15 Charlotte Street, Ashfield, NSW

22 Dening Street, The Entrance, NSW (held as investment property)

Investment property

Recognition and measurement

Items of investment property are measured at historical cost less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset.

Depreciation

Items of investment property are depreciated on a straight-line basis in profit or loss over the estimated useful lives of each component. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the group will obtain ownership by the end of the lease term. Land is not depreciated.

Items of investment property are depreciated from the date that they are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

Fixed asset class

Buildings

4-5%

Furniture & fittings

5-10%

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

Intangible assets

Intangible assets acquired as part of a business combination, other than goodwill, are initially measured at their fair value at the date of the acquisition. Intangible assets acquired separately are initially recognised at cost.

Indefinite life intangibles assets

Indefinite life intangible assets are not amortised and are subsequently measured at cost less any impairment.

Impairment of non-financial assets

At the end of each reporting period the company determines whether there is evidence of an impairment indicator for non-financial assets.

Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to the short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST. The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position. Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Provision for employee benefits

Provision is made for the entity's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on high quality corporate bond rates incorporating bonds rated AAA or AA by credit agencies, with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the entity transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the entity performs under the contract (i.e. transfers control of the related goods or services to the customer).

The services are usually provided within twelve (12) months of receipt of the payment. Where the amount received is in respect of services to be provided over a period that exceeds twelve (12) months after the reporting date, the liability is discounted and presented as non-current.

Comparative figures

Where required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year. With the exception of minor reclassifications between certain financial statement line items, comparatives are consistent with prior years, unless otherwise stated.

Significant judgement in applying accounting policies

When preparing the financial statements, both the directors and management undertake a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Inventories

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

<u>Useful lives of depreciable assets</u>

The Board of Directors reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the company's future taxable income against which the deferred tax assets can be utilised. In addition, significant judgement is required in assessing the impact of any legal or economic limits or uncertainties in various tax jurisdictions.

Long service leave

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

	2023 \$	2022 \$

How the entity recognises revenue

Sale of goods

Sale of goods comprises revenue earned from sale of food, beverage and other goods and is recognised at the point of sale, which is where the customer has taken delivery of the goods, the risks and rewards are transferred to the customer.

Rendering of services

Rendering of services comprises revenue from gaming facilities together with other services to members and other patrons of the club, recognised over the period in which the services are provided.

Poker machine entitlements

Poker machine entitlements are not amortised as they are deemed to have an indefinite useful life. They have an indefinite useful life as they do not expire and under current government legislation there is no plan to remove such entitlements. As a result, poker machine entitlements are tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired, and are carried at cost less accumulated impairment losses.

19. Related parties

Key management personnel compensation

The entity's related parties include its key management personnel and related entities as described below. All transactions with related parties are priced on an arm's length basis and recognised as an expense during the period.

Total key management personnel compensation 530,911 461,865

<u>Directors' transactions with the company</u>

From time to time directors of the company may purchase goods from the company or participate in other Club activities. These purchases and participations are on the same terms and conditions as those entered into by any other member of the Club.

Apart from the details disclosed in this note, no director has entered into a material contract with the company since the end of the previous financial year and there were no material contracts involving directors' interests subsisting at the year end.

21. Members' guarantee

The entity is incorporated under the Corporations *Act 2001* and an entity limited by guarantee. If the entity is wound up, the constitution states that each member is required to contribute a maximum of \$2 towards meeting any outstanding obligations of the entity, during the time they are member or within one year thereafter. The total amount that the members of the company are liable to contribute if the company is wound up is \$7,540 (2022: \$7,740). At 30 June 2023, there were 3,770 members (2022: 3,870).

22. Commitments

The company renewed its carpark license effective 1 January 2023 for a period 12 months. The license of property generally provides the company with a right of renewal at which time all terms are renegotiated. License payments comprise a base amount plus an incremental contingent rental. Contingent rentals are based on either movements in the Consumer Price Index or operating criteria. The Club does not have an exclusive right and hence it does not fall under the definition of lease per AASB 16 Leases.

Non-cancellable commitments

Future license commitments not provided for in the financial statements and payable:

Within one year	39,114	42,436
One year or later and no later than five years	-	-
Later than five years	-

23. Contingent liabilities		
Bank guarantees		
The company has given the following bank guarantees:		
TAB Limited	5,000	5,000
	5,000	5,000

The entity had no other contingent liabilities as at 30 June 2023.

24. Subsequent events

No adjusting or significant non-adjusting events have occurred between the reporting date and the date of authorisation.

Ashfield Catholic and Community Club Limited Directors' Declaration For the Financial Year Ended 30 June 2023

The directors of the company declare that in the directors' opinion:

- a) the financial statements and notes are in accordance with the *Corporations Act 2001*, including:
 - giving a true and fair view of the company's financial position as at 30 June 2023 and of its performance for the year ended on that date; and
 - ii) complying with Australian Accounting Standards Simplified Disclosures and the *Corporations Regulations 2001*; and
- b) there are reasonable grounds to believe that the company is able to pay all of its debts, as and when they become due and payable.

Signed in accordance with a Resolution of the Directors.

Ashfield Catholic and Community Club Limited Independent Auditor's Report to the Members of Ashfield Catholic and Community Club Limited For the Financial Year Ended 30 June 2023

Opinion

We have audited the accompanying financial report, being a general purpose financial report of Ashfield Catholic and Community Club Limited (the company), which comprises the statement of financial position as at 30 June 2023, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, the notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the company is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the company's financial position as at 30 June 2023 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information is the directors' report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

Ashfield Catholic and Community Club Limited Independent Auditor's Report to the Members of Ashfield Catholic and Community Club Limited For the Financial Year Ended 30 June 2023

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Those Charged with Governance

The directors of the company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards — Simplified Disclosures and the *Corporations Act 2001*, and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/. This description forms part of our auditor's report.
